ONLINE BOOKING GUIDE

1. Click on the link to book an appointment: <http://bit.ly/2TdQfA4>
2. Select "Services": Initial Consultation and Treatment (Adult or Child)

The screenshot displays a web interface for selecting a service. At the top, a grey header bar contains the text "Select a service" on the left and a progress indicator with four dots on the right. Below the header is a dark grey bar with the text "Spinal Flow Technique". The main content area is a white box with a light grey border, containing a list of services. Each service row includes the service name, a "More info" button with a downward arrow, and a green "Select" button with a rightward arrow. The first service is "Follow-up Appointment". The second and third services, "Initial Consultation and Treatment (Adult)" and "Initial Consultation and Treatment (Child)", are highlighted with a blue hand-drawn rectangular border. The fourth service is "Re-assessment and Spinal Flow treatment", and the fifth is "Spinal Flow - Release Stress trial session".

FAQ

1. Dress code: Anything comfortable. The session is conducted fully-clothed and no change of clothes is required.
2. What to expect during the first visit: <https://www.real3ase.com/spinal-flow-technique>
3. Are our services covered by insurance?
 - We are not currently aware of insurance that covers Spinal Flow treatment. However, we understand that it may be claimable under companies offering flexible benefits. We would suggest checking with your HR or relevant flexible benefit champions in your workplace.
4. What are the rates for subsequent or follow-up sessions?
 - Rates for follow-up Spinal Flow treatment may differ depending the individualized treatment plan, which includes the number of sessions and frequency of treatment, recommended by our Spinal Flow practitioners. Depending on the number of treatments recommended and willingness to commit to the individualized plan via bundled and discounted Commitment to Heal treatments, average rate per session could range between \$87 to \$99.
 - Ad-hoc follow-up Spinal Flow treatment could be 21%-38% higher than bundled sessions.
